Intervenor PATH Case# 09-0770-E-CN

rlchannell@yahoo.com

August 18, 2010

Concerning: Case #: 09-0770-E-CN (PATH) -The Potomac Appalachian Transmission Highline

West Virginia Public Service Commission

Sandra Squire, Executive Secretary

Fax: 304-340-0325

Copy Issued To: All involved parties and affiliates of the PATH case, including but not limited to the following recipients:

<p>Allegheny Energy, Inc. (to all relevant employees) 800 Cabin Hill Drive Greensburg, PA 15601 Fax: 724-838-6797</p>	<p>American Electric (to all relevant employees) 1 Riverside Plaza Columbus, OH, 43215 Fax: 614-716-2014</p>	<p>PATH WV Transmission Co LLC c/o AEP Transmission Holding Co (to all relevant employees) 700 Morrison Rd Gahanna, OH 43230 Fax: 614-552-2602</p>
<p>PATH WV Transmission Co LLC c/o AET PATH Co LLC (to all relevant employees) 800 Cabin Hill Drive Greensburg, PA 15601 724-838-6797</p>	<p>Louis Berger Headquarters 412 Mount Kemble Ave. Morristown, NJ 07960 Fax: 973-267- 6468 <i>(to be distributed to their relevant branch/employees, bat catchers, environmental scopers, etc)</i></p>	<p>Contract Land Staff (Right of Way Agents for PATH) Mark Johnson or any other employee PO Box 787 Martinsburg, WV 25402 Fax: 304 901 7227</p>

To Whom It May Concern,

This letter is to inform all involved parties, PATH Transmission, all PATH subsidiaries, all PATH partners or affiliates, all PATH contractors, Allegheny Energy, American Electric, Louis Berger and Contract Land Staff, and anyone hired by the applicant to work on their behalf etc., that entrance to property along the proposed PATH line as marked on tile 77 (bottom left quadrant next to County Hwy 92/17 label) of the sectional map of Barbour County as found on www.pathttransmission.com, via any means of transportation, animal, or pedestrian initiative is prohibited pursuant to WV code **§61-3B-3 Trespass on property other than structure or conveyance (sections a-g but specifically sections a, e, f, and g – see below)** without written consent and physical accompaniment of myself- power of attorney of said property, and any law enforcement officials or privately hired armed guards and/or media that I deem necessary.

§61-3B-3 Trespass on property other than structure or conveyance

(a) It is an unlawful trespass for any person to knowingly, and without being authorized, licensed or invited, to enter or remain on any property, other than a structure or conveyance, as to which notice against entering or remaining is either given by actual communication to such person or by posting, fencing or cultivation.

Notification to PATH applicant and contractors of cessation of trespassing and denial of entrance to property

(e) If the offender defies an order to leave, personally communicated to him by the owner, tenant or agent of such owner or tenant, or if the offender opens any door, fence or gate, and thereby exposes animals, crops or other property to waste, destruction or freedom, or causes any damage to property by such trespassing on property other than a structure or conveyance, he shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than \$100 nor more than \$500 or imprisoned in the county jail for a period not to exceed six months, or both such fine and imprisonment.

(f) If the offender is armed with a firearm or other dangerous weapon with the unlawful and felonious intent to do bodily injury to a human being during his commission of the offense of trespass on property other than a structure or conveyance, such offender shall, notwithstanding section one, article seven, chapter sixty-one of this code, be guilty of a misdemeanor and, upon conviction thereof, shall be confined in the county jail for a term not to exceed six months, or fined not more than \$100, or both such fine and imprisonment.

(g) Notwithstanding and in addition to any other penalties provided by law, any person who performs or causes damage to property in the course of a willful trespass shall be liable to the property owner in the amount of twice the amount of such damage. However, this article shall not apply in a labor dispute.

The property on Tile 77 and the subject of this letter is surrounded by a fence. Posted throughout the perimeter of the property against the adjacent properties are "NO TRESPASSING" signs. Any attempt to violate or ignore these written and physical notifications, including this document available via public domain, against entering the property will be viewed as an act of coercion and harassment (both mental and physical), and a forced aggravation of existing health concerns in addition to trespassing on clearly posted property and will be prosecuted by the fullest extent of the law.

All requests must be submitted to me in writing at rlchannell@yahoo.com. I will respond in a timely fashion not to exceed 7 days. In the event that I do not respond within 7 days. A second email attempt is requested.

Attached is the fax confirmation sheet which confirms receipt of this letter to all involved parties listed above. In addition, I have authorized this document to be posted on relevant websites on the world wide web (www.louisbergersucks.com, www.alleghenyenergysucks.com, and www.pathofdestruction.com). Due to the existence of the fax confirmations and the availability of the postings on the world wide web, along with the directive to each recipient to "distribute to relevant employees" in the grid listed above, there is no grounds for any recipient to declare "non receipt of message" as a reason for trespassing.

As author of this document, I reserve the right to "donate" this document to any organization that I deem necessary for use as determined and agreed upon by myself and said organization in order to educate the public on the proceedings of PATH and their attempt to confiscate private property for profit.

Further, failure of any of the "recipients" to forward this notification to the appropriate employees will demonstrate a gross negligence and incompetence of said recipient in legally protecting their own employees and should warrant a deeper investigation by the WV PSC into the applicants (and any client/contractor of the applicant) competence in routing a high voltage transmission power line through the state.

Regards,

Rachelle Channell
